Upon completing the course, the student will be able to

- x Discuss the epidemiology of medical disorders related to neurology, gastrointestinal, immunology, infectious disease, endocrine, psychiatric, toxicology, and respiratory;
- x Identify manifestations of medical disorders related to neurology, gastrointestinal, immunology, infectious disease, endocrine, psychiatric, toxicology, and respiratory;
- x Describe general assessment findings and considerations of medical disorders related to

- c. Concepts of Medical Complaints Related to Immunology
 - f* Introduction and overview of conditions
 - f* Epidemiology of related conditions
 - f* General assessment findings and considerations
 - f* Appropriate treatment for conditions
- d. Concepts of Medical Complaints Related to Infectious Disease
 - f* Introduction and overview of conditions
 - f* Epidemiology of related conditions
 - f* General assessment findings and considerations
 - f* Appropriate treatment for conditions
- e. Concepts of Medical Complaints Related to Endocrine Disorders
 - f* Introduction and overview of conditions
 - f* Epidemiology of related conditions
 - f* General assessment findings and considerations
 - f* Appropriate treatment for conditions
- f. Concepts of Medical Complaints Related to Psychiatric Disorders
 - f* Introduction and overview of conditions
 - f* Epidemiology of related conditions
 - f* General assessment findings and considerations
 - f* Appropriate treatment for conditions
- g. Concepts of Medical Complaints Related to Toxicology
 - f* Introduction and overview of conditions
 - f* Epidemiology of related conditions
 - f* General assessment findings and considerations
 - f* Appropriate treatment for conditions
- h. Concepts of Medical Complaints Related to Respiratory Disorders
 - f* Introduction and overview of conditions
 - f* Epidemiology of related conditions
 - f* General assessment findings and considerations
 - f* Appropriate treatment for conditions
- i. Concepts of Medical Complaints Related to Hematology
 - f* Introduction and overview of conditions
 - f* Epidemiology of related conditions
 - f* General assessment findings and considerations
 - f* Appropriate treatment for conditions
- j. Concepts of Medical Complaints Related to Genitourinary/Renal
 - f* Introduction and overview of conditions
 - f* Epidemiology of related conditions
 - f* General assessment findings and considerations
 - f* Appropriate treatment for conditions
- k. Concepts of Medical Complaints Related to Gynecology
 - f* Introduction and overview of conditions
 - f* Epidemiology of related conditions
 - f* General assessment findings and considerations
 - f* Appropriate treatment for conditions
- l. Concepts of Medical Complaints Related to Non-traumatic Musculoskeletal Disorders

- f* Introduction and overview of conditions
- f* Epidemiology of related conditions
- f* General assessment findings and considerations
- f* Appropriate treatment for conditions

m. Concepts of Medical Complaints Related to Diseases of the Eyes, Ears, Nose, and Throat

- f* Introduction and overview of conditions
- f* Epidemiology of related conditions
- f* General assessment findings and considerations
- f* Appropriate treatment for conditions

Effective Date/Updated: September 21, 2018
